### CUTTING-EDGE PERFORMANCE IN A SOPHISTICATED PACKAGE.

#### THE LENOVO THINKPAD EDGE E425 AND E525 NOTEBOOKS

To help SMB users experience business growth and productivity gains, Lenovo introduces the new ThinkPad Edge E425 and E525 notebooks. These slim, elegant notebooks offer SMB users a sophisticated computing experience with the capabilities of enterprise PCs.

The ThinkPad Edge E425 and E525 notebooks are fitted out with hardware that delivers the high performance levels that SMB users require. Faster computing with the latest AMD Processors over the previous generation.

The ThinkPad Edge Series also offers several features for a smoother, more effective user experience. The full-size keyboard and numeric keypad¹ allows comfortable numeric and text data entry. Lenovo's RapidBoot technology reduces boot times by up to 30%, allowing you to get to work faster. Web conferencing is also more comfortable with a light-sensitive web camera, high audio fidelity, optimized speakers, and superior communications software.

In addition to the performance and usability features, the design of the ThinkPad Edge notebooks has also been improved. The refined ThinkPad Edge design in now up to 13% thinner and available in a soft matte finish. Simplicity and ease of use, reputed Lenovo reliability, a sleek, sophisticated design, and powerful computing make the ThinkPad Edge E425 and E525 the essential notebook solution for today's SMB users.

# LENOVO ENHANCED EXPERIENCE 2.0 FOR WINDOWS 7. FASTER AND OPTIMIZED FOR BUSINESS.

Lenovo Enhanced Experience 2.0 for Windows 7 uses RapidBoot technology to start your PC on average 20 seconds faster than a typical Windows 7 computer. And with superior web conferencing and robust security features, you'll benefit from increased productivity at the office. Find out more at www.lenovo.com/win7ee

\*Compares averaged data from Lenovo EE. 2.0 PCs with averaged data from 42 competitor products of similar configuration. Testing conducted by CNET Labs, Beiring in November 2010, using the independent Microsoft VTS tool to measure start-up, shutdown, resume and other Windows\* 7 performance measurements. Data from competitor

VISION Pro Technology from AMD helps improve productivity through business applications that look and perform great, helps reduce maintenance headaches and get the most out of your IT budget.
